

# Living the Laws of Leadership

## DESCRIPTION

In order to raise the level of your leadership effectiveness through an increased understanding of leadership principles, you will experience greater self-leadership skills and influence with others.

We will provide a 2-day immersive workshop based on John C. Maxwell's book, The 21 Irrefutable Laws of Leadership, that will teach you the practical tools needed to address the leadership challenges encountered daily within your profession.

During this two-day interactive workshop, you will:

- **Learn and grow** from the shared experiences of others in a challenging, but safe environment
- **Assess** your leadership strengths and weaknesses
- Develop and practice the behaviours required to **effectively lead** yourself and others
- Identify ways to **incorporate** and **apply** the laws in your life and business each day
- Begin the process of creating a **leadership legacy** by developing others into great leaders
- Experience each of The 21 Laws of Leadership through relevant **case studies, fun activities, fierce competition**, and ongoing development of a **personal plan of action**

## OUTLINE

This 2-day fun, interactive and highly reflective workshop uses useful exercises, tools and techniques to show you how to be a **complete** leader, knowing your own strengths and weakness and how to partner with others as a team to optimally lead.

It covers:

- I'm a **Guide**
- I'm a **Partner**
- I'm a **Results Champion**
- I'm a **Leader Maker**

## BENEFITS

At the conclusion of the training you will:

- understand the 4 **leadership disciplines and behaviours**,
- have assessed your leadership **strengths** and **weaknesses**,
- discuss them within your **team** and discover how to **interact** in the most optimal way
- developed and practiced the behaviours required to **effectively lead** yourself and others,
- and have identified ways to **incorporate** and **apply** the laws in your **daily life**.

*You will be presented with a certificate of completion issued by the John Maxwell Team.*
